The Animal EZ Guide holder is the most solidly constructed and cost effective animal image protector on the market. The Animal EZ Guide allows X-ray exams to be performed on small and large animals. The Animal EZ Guide is ideal to use for Weight Bearing and Podiatry exams on small and large animals. The Animal EZ Guide offers protection for your Radiology Investments and reduces possible injury to the caretaker.

The **Animal EZ Guide** is:

Solidly Constructed

- **Single, Dual, or Triple handles** provides the support needed to position the cassette holder underneath the animals and carry it easily
- Protects your **X-ray Cassettes, CR Cassettes, and DR Wireless and Wired Detectors** from **damage, liquids, scratches and stains**
- Built with **clear Lexan** enabling the ability to see the image field of view at all times
- Tested to withstand **1000 lbs**

Cost Effective

- **14x17 Animal EZ Guide** accommodates most **14x17** film, CR cassettes and DR detectors
- **10x12 Animal EZ Guide** accommodates most **10x12** film and CR cassettes
- **24x30 Animal EZ Guide** accommodates most **24x30** film and CR cassettes
- Can be used for "**Conventional**" and "**Digital**" Radiography
- **Replacement front and back pieces** are available for animal usage greater than the tested weight
