The EZ Guide Protector provides the most protection of any other Image Receptor Protector on the market. The EZ Guide Protector is the only Image Receptor Protector on the market designed to protect your Radiology Investment at all times.

The **EZ Guide Protector** is:

Solidly Constructed

- Can be ordered with **Single, Dual, Triple or Four handles** on each side providing Radiological Technologists with the support needed to maneuver the cassette holder underneath the patient
- Protects your **X-ray Cassettes, CR Cassettes, or DR Wireless and Wired Detectors** from **incidental damage, scratches, liquids and stains (resistant)**
- The Back Tunnel is Lined with **Lead Strips** to **reduce Scatter Radiation (Optional)**
- **Curved corners** and **smooth surface** to ensure patient's comfort
- Enables Technologists the ability to see the **image field of view at all times**
- Tested to withstand **750lbs**

Cost Effective

- Can be used for "**Conventional**" and "**Digital**" Radiography
- 14 x 17 EZ Guide Protector accommodates most **14 x 17 DR Wireless and Wired Detectors, CR and Film Cassettes**
- Reduce paying for **damage Image Receptors or high protection plans** for your Radiology Investments
- **Single** and **Dual Handles** designs fit into most DR storage bins
- EZ Guide Protector **Grid side** can be used for abdomen, pelvis, etc. exams
- EZ Guide Protector **Screen side** can be used for chest, upper and lower extremities, etc. exams
- EZ Guide Protector is **interchangeable** by flipping it over

* **Includes 1 Year Warranty**
